

## Erratum: “Warm Season and Emergency Department Visits to U.S. Children’s Hospitals”

*Aaron S. Bernstein,  Shengzhi Sun, Kate R. Weinberger, Keith R. Spangler, Perry E. Sheffield, and Gregory A. Wellenius*

Environ Health Perspect. 130(1):017001 (2022), <https://doi.org/10.1289/EHP8083>

In the Methods, under the “Assessment of Ambient Temperature” section, the PRISM model is defined as “Practical, Robust Implementation and Sustainability Model (PRISM).” The correct name is “Parameter-elevation Relationships on Independent Slopes Model.”

The authors regret the error.
